

Prodjuser Key 76 Case voor 76 keys keyboards, aanpasbaar schuim interieur

Model: 089KEY76

Merk: Prodjuser

The ProDJuser Key 61 & Key 76 are new additions to our current Key 88. The design is new and therefore slightly different than the Key 88: more internal protection by use of Z-Foam; 4 professional hinges, Penn recessed wheels and more internal space for cables, music sheets etc. The Key 61 and 76 are extremely rugged, strong and developed for really on-the-road use. More important, the Z-Foam construction is designed for fitting a wide variety of keyboard brands and a list of which type and brands will fit is available at the download section on the right side of the page. But please do check the sizes of your keyboard – it might fit our keyboard case. Both Key 61 and 76 will fit most of the Roland, Yamaha (also Taurus series), Korg and Nord Lead keyboards. Last but not least: Two convenient handles on both ends will make lifting easy, while two recessed Penn wheels provide easy transporting options.

Check out these great **pro features**:

- Made out 9mm Birch Plywood and finished with a hard black top layer
- PENN ELCOM™ hardware
- 2 Butterfly Locks
- 4 Professional Hinges
- Comfortable recessed side handles on both ends
