

DConBT

Model: 089DCONBT

Merk: Newhank

The DCon series features three advanced products, all designed to fit standard European in-wall junction boxes with a depth of 50mm and compatible with widely used EU cover frames, making them perfect for seamless integration into commercial, educational, and entertainment AV environments.

This 2x2 Bluetooth converter brings wireless audio flexibility to any Dante installation. DConBT offers a host of control features, including call pickup, reject, music player control, and customizable pairing button behavior. Additionally, users can define the Bluetooth radio name to personalize their wireless audio experience. Like its counterparts, DConBT is API-enabled for easy integration with third-party applications.
