Merk: Audiophony

Draadloze WIFI speler met RJ45 en IR afstandsbediening

WiCASTplay+ is an innovative wireless audio transmitter that can transform your current speakers, sound bars and home theater into a multi-zone wireless sound system by connecting to your home WI-FI network.

The WiiM Player app for iOS and Android offers the easiest and most user-friendly experience for streaming music and installing a multi-room audio system.

WiCASTplay+ also offers some of the most powerful playback options, allowing you to play synchronized music or multiple types of music from your mobile phone, online music services or home media storage with impressive sound quality in multiple zones.

- 1 analogue 3.5 mm mini jack input for telephone or other device with volume control
- Works with a LinkPlay card compatible with many streaming and multiroom apps
- Powered by a 15 V – 2 A connector
- Adjustable Wifi antenna
- RJ45 port
- Output on 2 RCA
- Compatible with AirPlay 1 and major streaming services
- USB drive
- Alarm clock function
- Programmed stop function
