Merk: Audiophony

WIFI versterker met RJ45 en IR afstandsbediening bluetooth

WiCASTamp30+ is an amplified audio transmitter capable of turning your passive speakers into a multiroom sound system through your WI-FI network.

The WiiM Player app for iOS and Android offers the easiest and most user-friendly experience for streaming music and installing a multi-room audio system.

WICASTamp30+ also offers some of the most powerful playback options, allowing you to play synchronized music or multiple types of music from your mobile phone, online music services or home media storage with impressive sound quality in multiple zones.

- Amplification 2 x 30W under 8 Ohms
- Works with a LinkPlay card compatible with many streaming and multiroom apps
- DLNA, Airplay2, Bluetooth®
- Aux input line level 200 mV
- WiFi and Ethernet
- USB drive
- Alarm clock function
- Programmed shutdown function
- Delivered with infrared remote control
