Power Consumption: 100-240 Vac 9-16Watt  
Dimensions: 483 x 220 x 44 mm  
Package Dimensions: 550 x 335 x 670 mm  
Weight: 3.5kg  
Package Weight: 18.6kg  
Unit per Package: 5pc  
Supplied with RCA lead, Remote control  
(2x AAA battery not included) and IEC power cable

Q: How to make a play list on a USB Stick ?

A: Rule: First file copied = First file played

To copy multiple tracks at the same time, make a new folder on your computer and fill this up with tracks. Give each track a number.

For example:

1.name.mp3

2.name.mp3

3.name.mp3

Etc.. when finished, copy the whole folder to your USB Stick.

Now your MP103 will play the files by this sequence.

Q: Now what, If you are planning to copy multiple folders to the USB Stick ?

A: Make a list of folders on your computer and remember the steps and rule above.

First fill the folder with mp3 files and next copy to the USB Stick.

Now your MP103 will play the folders by this sequence.

Be advised to only copy your folders 1 by 1.

Q: How to connect remote start stop ?

A: you need a 3.5mm connector, momentarily connect tip to ground for start and ring to ground for stop

Q: when you put the stick inside the MP103 it will not play only show track title ?

A: you need to push the with dial right side from the display

Q: Can it play sample rate higher than 44.1 Khz .wav format ?

A: no, you cannot
